Respectfully submitted,

EMERY GROVER,

Chairman.

REPORT OF SCHOOL COMMITTEE.

Fellow Citizens: In again presenting to you their annual report your committee feel gratified with the prosperous condition in which they find the schools of the town at the close of the year. The work that has been accomplished, and the progress that has been made, while not all that could be desired, can fairly be said to be all that could reasonably be expected, and if in one or two instances our schools have failed to do all that they should we believe that as a whole they have made good progress.

During the year a code of rules and regulations for the government of all the schools has been prepared and adopted. The course of study which particularly in the lower grades was somewhat incomplete and indefinite, has been revised, and printed copies of both the rules and regulations and the course of study placed in each of the schools, to the end that that uniformity so desirable in the schools of a town might be had, and the teachers by a definite knowledge of what was expected be enabled to lay out and arrange the work of the schools more advantageously.

In accordance with the suggestion in our report last year "that our High Schools should have assistants," your committee have taken advantage of the additional appropriation made by the town for that purpose, and employed one in each High School. This was done at the commencement of the fall term. The wisdom of the step, we believe, has already been demonstrated.

And here we would express our deep sorrow at the loss of the first assistant engaged for the West High School, Miss Clara A. Jones, a graduate of Wellesley College, and a young lady of more than ordinary promise and ability, who, after teaching but about six weeks, with only a short illness, was cut down almost in the very beginning of her usefulness.

We would again call the attention of the town to "the great

necessity for our schools as for the schools of all towns or districts"—a superintendent: and would recommend that one be appointed.

The question of providing a more suitable room for the Intermediate school at the Plain, and the Primary school at Highlandville, is a matter which it seems to us the town should not longer postpone, and we recommend either that the present buildings be remodeled and enlarged, or that a new building be erected at each of those places.

The financial report of your committee shows an apparent excess of the appropriation for schools of between five and six hundred dollars; this is not due to the fact that it has required more money to carry on the schools during the year than was anticipated, but is explained by the following statement: It has been the practice of the school committee for several years past to practically close their financial account with the close of the Fall term at Thanksgiving time, but this year, in order that the financial year of the school committee might correspond with that of the town, and in accordance with the vote of the town at the last annual meeting: "that accounts be made up to Jan. 1st, 1881," your committee have paid all bills so far as possible up to that date. Had we followed the old practice and paid only the bills of one year, we should, instead of exceeding the appropriation, have had an unexpended balance placed to our credit.

We append for reference the following table showing the number of pupils in each school, together with the average cost of each pupil for one year and one-tenth, (the time covered by our financial report):

	No Scholars.
East High School,	45
West High School,	40
Plain Grammar,	26
Plain Intermediate,	30
Plain Primary,	53
Shaw Grammar,	31
Shaw Intermediate,	24
Shaw Primary,	34
Highlandville Grammar,	30

	No. Scholars.
Highlandville Intermediate,	50
Highlandville Primary,	30
Highlandville Sub-Primary,	45
Hunnewell Grammar,	21
Hunnewell Intermediate,	23
Hunnewell Primary,	57
East Grammar,	22
East Primary,	22
North Grammar,	20
North Intermediate,	25
North Primary,	29
Center Grammar,	30
Center Primary,	47
Unionville Mixed,	14
Greendale Mixed,	14
Parker Mixed,	38
In Natick Schools,	14
	373

Cost of each pupil for tuition (teaching, fuel, and care of house),	$19 83
Cost of each pupil for incidental expenses,	1 55
Total,	$21 38
Cost of each pupil in High School, (approximated),	$40 00

We recommend the appropriation of $15,000 for schools the present year, and $1,500 for incidentals.

Respectfully submitted for the Committee,

EMERY GROVER,

Chairman.

STATEMENT OF EXPENDITURES

AUTHORIZED BY THE SELECTMEN AND OVERSEERS OF THE POOR.

Highways.

Augustus Stevens 168 2-10 days, at $2.50,	$420 50

SELECTMEN'S REPORT.

The rapid wheels of time bring us around again to the close of another financial year.

The past year has been one of general activity, not only in town but throughout the country. We rejoice with our fellow citizens that our predictions for the last two years of a return of more prosperous times, have proved true.

The business community having realized, we think, a full share of prosperity.

The farmer has been blessed with an abundant harvest and active market, both home and abroad.

The laboring classes have been actively employed at remunerative prices during the year.

We have studiously avoided exceeding our appropriation the past year and are pleased to show so large an amount of unexpended balances, no appropriation having been exceeded that was under our control.

We trust the same economy will be practiced in making our appropriations as for the past few years.

Our tax rates are (forty) 40 cents per $1,000 more than last year, owing to the large state tax, increased appropriations, schools, highways and incidentals.

There are only (fifty-five) 55 out of the 326 towns and 19 cities in the Commonwealth with a lower rate than ours, and only (four) 4 in the County of Norfolk.

Highways.

There has been no change in the management of this department. The system adopted three years since, of having two

superintendents, seems to be very satisfactory; the reputation of both gentlemen, Mr. Stevens and Mr. Dewing, as practical road-builders is a sufficient guarantee that our roads will be well and economically taken care of while under their supervision.

There has been one pair of horses, two single and one double carts kept on the east side of the town during the working season, the town boarding the horses (hay being taken from town farm), and we are satisfied that it is a great saving to the horses to keep them near their work.

The rest of the town teams have been kept at the town farm barn as in years past. We have worked more of the special appropriation with town teams this year than formerly, thereby extending the working season for town teams from four to six weeks. We have continued the policy of the last two years of doing special jobs out of the highway grant, thereby heading off many special appropriations.

And we would suggest to our successors the importance of giving this matter their careful consideration.

Fisher Street.

leading from Central avenue to South street. An appropriation was made at our last annual meeting of $400, to widen and straighten this street from Central avenue to track of the N. Y. & N. E. Railroad.

A contract was made with Mr. A. Kilmer to take out the ledge and lay about 30 rods of wall, a portion of it to serve as a retaining wall.

The other work was done with the town teams, under the supervision of Mr. Dewing. As the work was not commenced till late in the season, the street was not quite completed before the ground froze up. There is a balance left sufficient to finish the street in the spring, which amount we shall ask the town at our annual town meeting, to again appropriate for that purpose.

Curve Street.

leading from Front street, Wellesley. An appropriation was made at our last annual meeting of $400, to build this street

from Front street to the house of Charles Cartwright.

This work was done with town teams, under the supervision of Mr. Stevens. The street is now in good condition, with less than 75 per cent. of the appropriation expended.

Marshall Street.

leading from Great Plain avenne. An appropriation was made for this street of $150. A contract was made with Jerry Collins for $120, to do the job; the work has been well done. The cut was so much in front of Mr. Rogers' and Mr. Washburn's that it seemed but fair that the town should lower the sidewalk to conform with grade of the street. A contract was made with Mr. Collins to do this also, but from the fact that some six or eight trees would be obliged to be sunk this work seemed impracticable to be done, for the fear of the trees dying from the effect of the unprecedented drouth. There is sufficient balance left to complete the job, which amount we shall also ask the town to again appropriate for same purpose.

A more detailed account of all the street appropriations will be found under the appropriate heading.

Highland Avenue.

No expenditures have been made from the continued appropriation of $462.21.

Bridges.

In consultation with the Selectmen of Dover, it was decided for both towns to unite in making quite extensive repairs in the bridge known as "Day's Bridge."

We have also watched with a great deal of anxiety the bridge known as "Pierce's Bridge," during the past summer, as most of the travel at that season is large party wagons taking picnic parties to "Baker's" grounds, and Sawin's grove. We thought best to have it strengthened by braces and supports, which we have had done in connection with town of Dover; it will probably go for some time now. The bridge at Lower Falls should be looked

after; it is now, and always has been a *very* expensive bridge to keep in repair, costing from $100 to $300 per year. For our part, the private water interests are such under and near it, that it is simply a problem to know what is best to do with it.

As this bridge question is quite an important one, we would respectfully suggest that a competent committee be appointed at our annual meeting to take all the above bridges into consideration, and report at an adjourned meeting.

Petition for New Street.

On a petition of A. E. Miller and others, that Grant street, leading from Dedham avenue to Kimball street, about 1,000 feet in length, be accepted and laid out as a public street. The street seems to be thoroughly built, and has at present five houses on it. Petition granted. No appropriation needed.

By order of County Commissioners the town is ordered to straighten and widen that portion of "Sherborn" road lying between Dover street and Waban brook, and to build new said road from said brook across land of H. F. Durant, Esq., to estate of H. H. Hunnewell, Esq., during the working season of 1881; the stone bridge over said Waban brook is also ordered to be lengthened ten feet to conform to new location of street. This was ordered by the Commissioners with the understanding and agreement that Mr. Durant is to furnish *all* the material for building said street, except the bridge and railing. The approximated cost of said street is $2,500, which amount we shall ask to be appropriated at our next annual meeting.

Drainage of Great Plain Avenue.

Eleven hundred dollars, $1,100, was appropriated for the drainage of this avenue, according to the plan of J. M. Harris, Esq. This seemed to be a job impracticable to have done under a contract. The work was done by town team and men, under supervision of Mr. Dewing. The grade was so near level on the avenue, as well as contiguous streets, that we found it necessary to employ an engineer to look after the job. We think the work was well done, and so far as we have been able to learn has proved quite satisfactory.

Sidewalk (*Highland Ave.*)

An appropriation of $150 was made to complete the sidewalk between Rosemary and Hunnewell streets. This work was also done by the town teams. Mr. Dewing had a large and expensive job to do on Highland avenue. We thought it would be for the interest of the town to have both jobs worked together, as material from one would do for the other, and vice versa, thereby saving a large amount of labor in carting materials.

Sidewalks, *General Appropriation.*

An appropriation of $300 was made for the purpose of building and repairing sidewalks, provided that one-half the expense of the work shall be borne by the abuttors or others interested.

We have had frequent calls to build sidewalks in front of one estate, while the owner of the adjoining declined to pay anything toward a continuous sidewalk.

Presuming that the intent and meaning of the voters was that by adopting this plan we should soon have a continuous and uniform style of sidewalks throughout our villages, we have declined to build any except in two instances, viz: about two hundred feet in front of Mr. C. W. Jones estate at the Plains, and about 100 feet in front of Mr. Albert Jennings estate, Wellesley.

Almshouse.

In referring to this institution it is simply necessary for us to say that Mr. and Mrs. Peabody were prevailed upon to retain the management another year.

For the careful and economical management of the town's interests, both outside and in, and the kind and humane treatment of our unfortunates, we can say without any *hesitation* that it would be impossible to find their superiors, and very difficult to find their equals.

We trust for the interest of the town they may be induced to remain still longer.

The duties of the matron are growing year by year to be more

difficult and onerous. The inmates are not only increasing in numbers, but as their infirmities increase they require more care and attention, which they have had and will continue to have under the present management.

The number of inmates at present is eleven, an increase of two since the issue of the last report. A family of three persons has been admitted since Jan. 1st, and present appearances indicate that they will be permanent inmates, one of which we have had at the Mass. General hospital for treatment, where it was decided that the nature of his disease was such that it would be of no benefit for him to remain longer.

Should the number of inmates still increase to any great extent, additional accommodations will have to be provided.

Poor out of the Almshouse.

Owing to the return of business prosperity we have not been called upon to render as much outside assistance as in former years. The number confined in the insane asylums is the same as last year, viz: six: one at Taunton, two at Asylum for Chronic Insane, and three at the new Asylum, which have been visited during the year by your overseers, and found comfortable and in about same condition as last year.

Finances.

Our town debt remains the same as last year, viz: $60,000, and largely held by the Commonwealth. The note for $5,500 which was reported in our last report as "now due," was taken up by giving a new note, which falls due in 1889. The note of $5,000 which fell due in May last, was taken up by giving a new note which falls due in 1890; both of the above are at the same rate of interest, 5 per cent. Another note of equal amount falls due in May next which must be taken care of, either by payment or by renewing. We would respectfully suggest that the amounts received into the treasury during the past year from various sources be taken, with such unexpended balances as can be used for that purpose, together with an appropriation necessary to make up the required sum unless extravagant appropriations

should be asked for, thereby increasing our taxes, which would seem to us to be very injudicious.

Board of Health.

This department is growing from year to year to be more important, and we cannot help renewing our suggestion made two years ago—of the town taking into consideration the importance of selecting some one of our local physicians for a member of the board.

We have been called upon from ttme to time to investigate causes of a large number of cases of diphtheria and kindred diseases. We would most respectfully suggest the importance of each householder and landlord looking sharply after their water supply, as *all* of our physicians, as well as the State Board of Health, agree that a large per cent. of above diseases originate from the use of contaminated water.

Illegal Sale of Intoxicating Liquors.

We have taken pleasure in acting in accordance with the expressed wishes of the citizens at the last annual meeting, and have granted no licenses. We have also endeavored to prevent the illegal sale of liquors as far as we were able. There have no doubt been sales, but the same difficulty of obtainining convicting evidence in former years has been experienced in the last. In several cases we succeeded in securing the conviction of those engaged in the traffic, and they are now in jail. It is to be regretted that liquor can be so readily obtained in neighboring towns and cities, making it much more difficult to suppress its use in our own town. We are happy to say however, that temperance principles are in the great majority in this town—more so than in the aveiage of places.

Removing Snow.

The town has been very fortunate the past year; less than 50 per cent. of our appropriation remains unexpended. Only wish we could say an encouraging word for next, but present indications show to the contrary.

We hope our citizens will take into consideration the fact that we have a large amount of roads to break out, and that it is impossible to break out *all the roads at once.* We have instructed those in charge of the roads to break out the main and most traveled first; the same will apply to use of the snow plough.

Extinguishing Fires.

We will simply reiterate our report of last year. Less than $70 has been used in this department during the past year.

Incidental Expenses.

As we intimated at our March meeting, we succeeded in settling the suit of W. H. Ward vs. Dedham and Needham. About $600 of this appropriation was used in the settlement of this claim. We know of no other considerable amount paid for any purpose, insurance taking the precedence.

There is at present no claim being pressed against the town, except a suit brought by Mr. McSherry of Watertown, for an alleged defect in the highway, which we *do not* feel particularly anxious about.

Estimates of Appropriations for 1881.

Schools,	$15,000 00
" Incidentals,	1,500 00
Highways,	7,000 00
Poor,	4,000 00
Interest,	3,500 00
Incidentals,	1,000 00
Printing and Stationery,	500 00
Extinguishing Fires,	200 00
Removing Snow,	500 00
Abatement of taxes,	200 00
State and County Tax, (approximate)	5,000 00
Building Sherborn "Road," (approximate)	2,500 00
	$41,100 00

All of which is respectfully submitted,

LYMAN K. PUTNEY,
MARK LEE,
JOSEPH H. DEWING,

Selectmen, Overseers of the Poor, and Highway Surveyors.

Needham, Dec. 31, 1880.

Erratum. Page 33. Read $1,935.16 for amount expended for Poor in State Institutions.

We have examined the several accounts of Treasurer, Collector, Selectmen and School Committee, and find them correct and properly vouched for.

E. H. TUCKER,
JOHN CURTIS,

Auditors.

TOWN CLERK'S REPORT FOR 1880.

Births, Intentions of Marriage, Marriages and Deaths in the Town of Needham for the year 1880 :—

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, *ss.*

To EZEKIEL PEABODY, a citizen of the Town of Needham, in said County. Greeting:

In the name of the Commonwealth aforesaid, you are required to notify and warn the inhabitants of said town, qualified to vote in elections and in town affairs to meet at the Town Hall in said town on MONDAY, THE SEVENTH DAY OF MARCH next, at one of the clock in the afternoon, for the following purposes, viz:

ART. 1. To choose a Moderator to preside over said meeting.

ART. 2. To hear the reports of Town Officers and Committees and act thereon.

ART. 3. To choose the necessary Town Officers for the ensuing year.

ART. 4. To see what sums of money the Town will grant for support of Schools.

ART. 5. To see what sums of money the Town will grant for laying out, discontinuing, making, altering and repairing highways, townways and bridges, and for labor and materials to be used thereon.

ART. 6. To see what sum of money the Town will grant for the relief, support, maintenance and employment of the poor.

ART. 7. To see what sums of money the Town will grant for other necessary charges and expenses.

ART. 8. To see what sum of money the Town will grant for collection, discount and abatement of taxes.

ART. 9. To see what action the town will take in regard to appropriating money for the widening and building of Washington street from Dover street to estate of H. H. Hunnewell Esq. as ordered by County Commissioners.

ART. 10. To see if the Town will accept Grant street as laid out by the Selectmen.

ART. 11. To see what manner the Town will order the highway grant to be expended.

ART. 12. To see how the Town will have its taxes collected the ensuing year.

ART. 13. To see what action the Town will take in regard to borrowing money in anticipation of taxes, and also renewing any existing loans.

ART. 14. To see what action the Town will take in regard to partial payment of the town debt.

ART. 15. To see what disposition the Town will make of the money received for dog licenses.

ART. 16. To see if the town will accept the list of Jurors as posted by the Selectmen.

ART. 17. To see what action the Town will take in regard to unexpended balances and deficiencies.

ART. 18. To see if the Town will vote to provide better accommodations for the schools at the Plains, and what sum it will appropriate therefor.

ART. 19. To see if the Town will vote to provide better accommodations for the schools at Highlandville and what sum it will appropriate therefor.

ART. 20. To see what action the Town will take in regard to disposing of the lot of land known as the "Dover school land."

ART. 21. To see what action the Town will take in regard to making Samuel G. Lowe a discount on unpaid taxes.

ART. 22. To see what action the Town will take for the prevention of the sale of intoxicating liquors.

ART. 23. To see if the Town will order the reports of Town Officers to be printed.

ART. 24. To see what action the Town will take in regard to changing Sec. 4 of the new by-laws so it will conform with the Statutes.

ART. 25. To see what action the Town will take in regard to lighting street lamps, and appropriating money for same.

And you are directed to serve this Warrant by leaving a copy thereof by you attested, at each of the dwelling houses in town, at least seven days before the time of said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, unto our Town Clerk at or before the time of holding said meeting.

Given under our hands this the fourteenth day of February, A. D. 1881.

LYMAN K. PUTNEY,
MARK LEE,
JOSEPH H. DEWING. } Selectmen of Needham.

A true copy—Attest: EZEKIEL PEABODY.
